### Deliverables:

Summary report outlining findings and high level recommendations. A Miracle Software Systems B2B Architect will step through this report with you.

### Length of Engagement:

1 day of analysis (Completed report will be delivered soon after)

### Pre-Requisites:

Access to your architect(s) familiar with your B2B Infrastructure and Implementations.

### Fees:

**Free of cost** (excluding travel expenses - although in most cases travel may not be required)

### How to get started:

The first step is a 15-30 minute discovery call to understand your current situation, identify the areas Miracle will focus on during the engagement and determine if you qualify for a free B2B Assessment and Audit.

Miracle Software Systems B2B Certified Solution Architects will provide a FREE B2B Assessment and Audit that typically includes the following activities:

- Implementation review
- Check for security gaps/issues
- Analyze performance and throughput
- Review any outstanding PMRs
- Check version usage and upgrade options/efforts

### Key Data/Transaction Security Factors Examined

Encryption, Digital certificates, Transport protocols, Sensitivity: high, medium, low Integrity, Confidentiality, Authentication, Reliability, Non-repudiation, Audit logs/reporting, Archival and recoverability.
